

mileage resolutions. Bill Brittain moved to adopt them all. Terry Graham seconded and all voted in favor.

Commissioners discussed the request from Mel Antrim for a commissioner to be an ex-officio member of the Citizens Advisory Committee. Commissioners agreed they might attend the meetings, but did not want to sit on the committee as a member.

Joanne Long presented the commissioners with a proposal for re-districting the county commission. After discussion, commissioners agreed not to change the commission boundaries.

Ms. Long asked about the wages of county employees. Per commissioners' request, she presented a proposal with most employees reflecting a 3% increase versus a \$50 monthly increase. After discussion, the commissioners approved a \$50/month increase for all full-time employees, with the exception of the assistant county attorney, the county appraiser, the emergency preparedness director and Elm Creek Lake Caretaker. All miscellaneous jobs, temporary jobs or part-time jobs were also excluded from the increase as well.

As for the elected officials, the commissioners would like some budget information from the neighboring counties, including total wages, total budget, number of employees, hours of operation and county population to determine if a larger increase is warranted. Ms. Long indicated she would have that information by Friday.

After routine business, the meeting adjourned at 2:10 pm.

ATTEST:

Joanne Long
Joanne Long, County Clerk

THE BOARD OF COUNTY COMMISSIONERS
OF BOURBON COUNTY, KANSAS

Dary Houston, Chairman
Bill Brittain, Commissioner
Terry Graham, Commissioner
